

To,
Advanced Consultancy Service,
Mumbai, India.

Subject: Testimonial.

I had approached Advanced Consultancy Service (ACS) Group (Mumbai office) for the stamping of KSA work visa. I was impressed by the range of services, timing, commitment and professionalism of the ACS Mumbai office team.

The communication of the ACS team including the Senior Management was very clear, reliable, professional, timely and straightforward. The senior management is always available for any support or complains which is entertained immediately.

The stamping of work visa was done in a timely manner and within the time frame as promised by the ACS team which was commendable and met my expectations completely.

I consider the Advanced Consultancy Service Group as a one stop shop for visa stamping and related services and I will not hesitate to use again and recommend to anyone who requires the services at a very reasonable cost.

Yours Sincerely, °
